## A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 W. Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness and phthisis, stops hemorrhages of the lungs and builds them up. Guaranteed by all the leading dealers of Wolfe County, 50c and \$1.00. Trial bottle free.

## Returned Home.

Henry Ward, who has been keeping books for a railroad contractor in Canada, came home Saturday. He says it is quite cold where he was, that he wore his winter clothing all summer. The road he was connected with is being constructed by the Canadian government, and will be 3,000 miles across the continent when completed. Rock is the foundation, and Henry says it is a granite formation of the hardest kind. He says there was plenty of game and fish. Cariboo, bear, and small game was plentiful, while fish could be found in every stream. But Italians, Slavs, Roumanians, etc., were his only associates, and he could not stand it.

## Glad to Get It.

CHICAGO, ILL., Sept. 21, 1907  
Spencer Cooper, Hazel Green, Ky:  
I am so glad to get THE HERALD again. This week's paper was exceedingly fine. I notice that my address is 5927 Perry Avenue on the paper, and as I want to be sure of the paper will ask you to change it to 6827 Perry Avenue. Thanking you in advance, I remain,  
MRS. LEE KNIGHTS.

## Moonshiners on Way to Frankfort.

Deputy U. S. Marshal W. M. Mays, the most noted foe of the moonshiners in Eastern Kentucky, arrived here Sunday afternoon from Jackson with a gang of 12 "shiners" to take them to Frankfort, where they will be tried in the Federal court which convened at the capital today. Marshal Mays has been capturing moonshiners for six years, and he has his first man yet to put under lock and key while on the way to court, and there has never been one of his prisoners to attempt to escape from him. When he arrived here with his men he remarked to them:

"Well, boys, this is probably the last night that many of you will have an opportunity to have some fun for some time," and giving each man some money told him to get out and have some fun, but to report at the hotel at 11 o'clock last night. They were all in on time, and they were taken to Frankfort today.

"There's no use for them to run from me," said Marshal Mays, for they know that I will get them and there is not a man in the bunch that wouldn't fight for me. If you don't think they will just tackle me once when I am taking them to Frankfort. They haven't any guns and the lid is on here, so why should they be locked up in jail."

Among the prisoners are Mack Bowling, Elihu Reynolds, P. Barrett, John Sandlin, Sug Sandlin, Eijah Couch, Eijah Sandlin, Wm. Morris, Eli Couch and a number of others. All of them are charged either with moonshining or bootlegging. Several of the men were captured last week by Marshal Mays in his raids on the mountain stills in Owsley and Breathitt counties. — Lexington Herald, Sept. 23.

## A Unique Baptizing.

Year by year recruits are joining the Regular Baptist Church at the old Seminary, on Stillwater, in Wolfe County. On the 8th of this month on the occasion of the annual foot-washing, a rite sacredly adhered to by the Baptists, one of the happiest and most unique baptizings in the history of the church took place in the presence of a large assembly. A. C. Kash, a Regular Baptist of the old school, is the father of six sons, four of whom, Samuel Kash, postmaster of Hazel Green; Daniel Kash, a physician of Stillwater; Willie and Kelly Kash, attorneys of Jackson, were baptized. It was a spectacle perhaps never before witnessed in church affairs, and this time-honored church is to be congratulated upon the addition of such valuable and aggressive joiners to its membership. — Breathitt County News.

## The Touch That Heals

is the touch of Bucklen's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this salve will sure cure it. For burns, scalds, cuts, wounds, or piles, it's an absolute cure. Guaranteed by all leading dealers of Wolfe County, 25c.

## Powell Man Nominated.

H. G. Garrett has been nominated by the Republicans of Clark county for Representative. Mr. Garrett very creditably represented this district in the Legislature a few years ago, and is a business man of admirable traits. If any Republican on earth is deserving of re-election at the hands of the masses, Green Garrett, and somehow seems to us that he is very awkwardly situated, politically, anyway. — Clay City Times.

R. L. Brown, of Osburg, Ky., a tobacco manufacturer, who has been at Rittenhouse for a few days, left for home Monday.

## Circuit Court Notes.

We failed to get our Campton correspondence Tuesday night, and the court news we are able to give is very meagre. The Quinn trial occupied the court's attention Monday and Tuesday, and the case was in the hands of the jury at 9 o'clock Tuesday night. It is generally believed it will be a hung jury. Dykes' trial was on yesterday for killing Hawk Tutt, but result is unknown. Fugate, for killing Campbell Raiser, had his trial continued until Friday.

## Seeing in the Blue-Grass.

LEXINGTON, Ky., Sept. 23.

DEAR MRS. COOPER:—I have been with Miss Bertha Mapel (my niece, who is postmaster at Clay City) to Louisville to attend the Postmaster's Association, which convened there last week. We stopped over here to see Maud, and are with her at Hamilton College to-day. She wishes to be remembered to you and Mr. Cooper. We will return to Clay City tomorrow. Yours,  
MRS. NANNIE CRAVEN.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give \$100 for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

A lady who understands advertising says: "No lady wishes to be looked upon as a shopping fiend; she does not care to go into a store and have a merchant show all his stock in order to find out whether he keeps what she wishes to purchase and whether the article is sold at a price she can afford. It is much easier and pleasanter to look through the advertisements of a paper than it is to bore the clerks and waste her own time. Next to the local news items, the advertisements in a paper stating articles for sale with prices, will keep much of the money that goes to the large cities at home."

## A Card.

To the Voters of Wolfe County:  
Having been solicited by Democrats from the different precincts of the county to make the race for Sheriff for the next term, I take this method of announcing myself a candidate for said office subject to the will and action of the Democratic primary to be held some time in 1908. This is the first time that I have ever announced as a candidate for any office, but ever since I became twenty-one years of age have been found in the ranks of the party fighting for the success of the principles of the party, which are dear to the heart of every true Democrat, and when the nominees have been selected by the party I have spent both my time and money in securing their election. I ask all voters to consider my candidacy, and if I am nominated and elected I will devote my time and attention to the duties of said office, and that the door of said office will be open during all business hours of the day to transact any business that may come to said office. Soliciting your support, and with best wishes for the "Great Common People," I remain yours, for success,  
ROY SMITH.

## A Living Monument.

If we were to assemble all those who have been cured of heart disease by Dr. Miles' Heart Cure, and who would to-day be in their graves had not Dr. Miles' been successful in perfecting this wonderful heart specific, they would populate a large city.

What a remarkable record—a breathing, thinking, moving monument, composed of human lives,—that for which every other earthly possession is sacrificed.

The Miles Medical Co. receive thousands of letters from these people like the following:

"I feel indebted to the Dr. Miles' Heart Cure for my life. I desire to call the attention of others suffering as I did to this remarkable remedy for the heart. For a long time I had suffered from shortness of breath after any little exertion, palpitation of the heart; and at times terrible pain in the region of the heart, so serious that I feared that I would some time drop dead upon the street. One day I read one of your circulars, and immediately went to my druggist and purchased two bottles of the Heart Cure, and took it according to directions, with the result that I am entirely cured. Since then I never miss an opportunity to recommend this remedy to my friends who have heart trouble; in fact I am a traveling advertisement, for I am widely known in this locality."  
J. H. BOWMAN,  
Nashville, Tenn.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

SPENCER COOPER, Editor.

HAZEL GREEN, KY.  
THURSDAY, Sept. 26, 1907.

## ANNOUNCEMENTS.

**DYER.**—We are authorized to announce Geo. P. Dyer as a candidate for the office of Jailer of Wolfe County, subject to the action of the Democratic party.

Another thing showing that Mr. Willson is paddling his canoe against a contrary current is the fact that he won't meet Democratic speakers in joint debate of the issue. He declined the honor at Winchester with thanks.

John E. Garner, one time a candidate for Congress in this district, and who has ever and anon claimed the Democratic party as his, shows by the records that he has voted more Republican than Democratic votes, and the Democrats of Winchester and Clark county have read him out of the party.

Democratic legislators enacted the Railroad Rate Law, a Democratic platform measure, and under its operation thousands of dollars have been saved to the shippers of the State. The Republicans this year feared to give opposition to the author of this law.

Democratic legislators adopted a uniform text book law, a Goebel platform measure of 1899, thereby bringing to the fathers of the Commonwealth a uniform and better system of school books and at less cost than they had before that time been compelled to pay the school book trust. This law enables the family to use the books until they are worn out.

## Lost and Found.

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at one of Wolfe County's leading dealers, a box of Dr. King's New Life Pills, the guaranteed cure for biliousness, malaria and jaundice. 25¢.

Willson, the Republican candidate for Governor, has canceled his appointment for the speaking at Campton Saturday, and it is just as well, for his eloquence would have been expended in a cause already lost. And Mr. Willson, perhaps, knows the political feeling of our sister town so well that he realizes the fallacy of forcing himself upon the good people of that community. He also canceled his appointment at Booneville, and therein is a significant pointer; indeed Oweley county is a Republican stronghold, and when Mr. Willson realizes that it is not worth his time to harass the voters there, he surely realizes that he is leading a forlorn hope. Other people know it, and his epidermis is not so thick but it may penetrate his anatomy.

## Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing that they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by all leading dealers of Wolfe County, 50¢.

Jim Linden, of Gilmore, was taken suddenly ill Sunday evening, and for quite a while was out of his head. Dr. Williams was called to see him, and made another visit Monday morning.

# DRIVEN AWAY BY TAXATION

Very Large Capital Withdrawn From Kentucky.

The Case of the Walsh Estate in Lexington Points Out a Dangerous Result of Our Tax System.

The manner in which the tax system of Kentucky may seriously affect its business interests was recently given a very striking demonstration in Lexington. The estate of Mrs. Clara Bell Walsh, amounting to about \$750,000, had been for many years managed by the Security Trust company of Lexington, as trustee. A petition was filed recently in the Fayette circuit court, asking the court to terminate the trusteeship, so that Mrs. Walsh might put her property in the hands of a trust company in St. Louis. The Security Trust company, which had been acting as trustee, did not oppose this suit, it being distinctly stated in the petition of Mrs. Walsh that the services of the trust company had been in every way satisfactory, but that the taxes imposed upon her property were too burdensome.

The peculiar feature of the case lies in the fact that Mrs. Walsh, herself, resides in St. Louis and, therefore, claims that her personal property should not be taxed at Lexington in the hands of her trustee. The court of appeals having held otherwise, and Mrs. Walsh, not feeling justified in paying a tax rate of \$2.70 on the stocks, bonds and other investments in the hands of the Kentucky trustee, since she could not derive any possible good from the payment of this tax, decided to remove the property to the state of her residence.

A considerable part of the estate was invested in local securities—the bonds of local corporations and real estate mortgages. This will mean that the money will gradually be withdrawn from investment in these local securities and reinvested by the St. Louis trustee in other securities, thus constituting a loss of that much money to enterprises in and around Lexington and Fayette county. It means just that much greater scarcity of needed capital.

The Lexington Herald has been, with great energy and skill, showing the result of this sort of taxation on the business interests of the state. It points out, among other things, the inconsistency in the decisions of our courts, which hold that a man who lives in one Kentucky county and has intangible personal property, such as stocks, bonds, or money, in the hands of a trustee in another county of Kentucky, must pay the tax in the county of his residence and not in the county where the trustee resides; but if the owner of the property moves entirely out of the state, then he must pay a tax in the county where the trustee resides, as well as pay the tax in the state where he takes up his new residence, thus constituting double taxation.

## Consumed With Taxation.

In her petition asking for the change in trusteeship Mrs. Walsh says: "Plaintiffs desire, if said Clara Bell Walsh be not entitled to a discharge of the trustee, that there be a change in the person of said trustee, and if it can be done that the funds and property in trust be transferred to a trustee duly qualified under and resident in the state of Missouri, where they have their home. Plaintiffs state that the reasons why a change of trustee is desired do not in any manner relate to the conduct or fidelity of said trustee, but are on account of the heavy burdens of taxation imposed on said estate by reason of the residence of the trustee in a state and city different from the home of the beneficiary."

## Court of Appeals Decision.

The Herald adds the following fact as to the case. "Under this decision of the court, Mrs. Walsh's personal property in the hands of the Security Trust company would be liable for city, state and county taxes here; and realizing that she, a non-resident of the state, could derive no possible benefit from taxes paid to the city on her personal property, Mrs. Walsh takes this means of getting possession of her property. The removal of the estate to another state is a powerful argument against the wisdom of the system of taxation in force in Kentucky; for though the investments made by the trustee in local securities are so safe and highly regarded as to be retained, yet when a reinvestment is made it is likely that a large portion of the funds will be invested elsewhere, thus depriving this community and state of so much badly needed capital for its progress and development.

THE HERALD and Courier-Journal one year only \$1.25.

## Look Upon This Record of Democratic Administration of Public Affairs From 1900 to 1907.

Confronted with a bonded and floating debt of over two millions of dollars in 1900, the Democratic officials have met and paid it upon a tax rate of fifty cents. Every obligation has been met, and June 30 last there was in the public treasury \$204,242.90. There will be on deposit at close of administration \$1,250,000.

Total appropriations of public institutions during seven and one-half years of Democratic rule reach in round numbers \$2,700,000. Every institution has been modernized, and is operated under most approved system, and a new Capitol provided for.

Found the military of the State practically merged into an armed mob when they came into power in 1900, as result of its conduct by Bradley and Taylor. Gathered up the broken fragments of the organization and gradually put it upon an honorable and efficient basis. Have followed to the letter the provision of the Constitution that the "Militia shall, in all cases, and at all times be under strict subordination to the civil power." This has been the Democratic idea of the use of the military power in Kentucky in contradistinction to the Republican idea as illustrated and enforced by Bradley and Taylor. Is Willson a better man than his party?

The average per capita for common schools for four years has been raised to \$3.22, with a record per capita this year of \$3.40, which is not "padded" for a single cent. All debts of the school fund are paid, and State Normal Schools have been established.

From a deficit shown each year in the management of the State prisons, they have been brought to pay a profit in their operation. This profit from December, 1904, to August, 1907, was \$2,669.44. Democratic officials have made most advantageous contracts in the history of the prisons, the Frankfort prison showing an excess of income over expenditures for the month of July last of \$6,821.23. While accomplishing these things the prisons have been modernized.

In no department has Democratic management accomplished more than in the Agricultural Bureau. Farmers' Institutes, a State Fair, a Labor Bureau, expert lecturers, a Forestry Department and one of Immigration, are interesting farmers in every section, and the farmer is having more money devoted to his welfare than ever before in the history of the State. The Labor Bureau branch has accomplished much for life and health of the laboring classes.

## For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the strongest Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla. The liver will quickly respond, and so will the bowels.

## THE HERALD.

### Hazel Green, Its Paper, and Its People.

The Hazel Green Herald, Bro. Spencer Cooper's paper, comes to us this week a twelve page edition, of calendared paper, profusely illustrated.

The occasion thereof is the Hazel Green Academy, which school was founded in that enterprising little city in 1885. Many of the pictures which adorn the pages of THE HERALD are familiar to the editor of The Republican, and recall vividly his experience in that city in 1885-6, when as a compositor in THE HERALD office he became acquainted with the good people of that place.

"Old faces crowd before me,  
Old forms go trooping past."

Senator W. O. Mize and wife, J. Taylor Day—in his time the merchant prince of the mountains; G. B. Swango, afterward a State officer, and others are there. These are only a few of the courageous and enterprising citizens who, over great obstacles, have made the mountains of Kentucky deservedly famous as the home of honest, able, patriotic and Christian men and women.

The Hazel Green Academy is but one of a number of educational institutions which have rehabilitated the mountains of Kentucky.—Greenup Republican.

The Hazel Green Herald came out last week with a special edition and write up of the school and business firms of that place. The issue is quite creditable, and gives one a good idea of things in Hazel Green. Editor Cooper is to be congratulated and the people of that city should feel proud of THE HERALD.—Berea News.

### Education As a Civilizer.

Speaking of the Hazel Green Academy reminds us that the best way of civilizing and Christianizing a people is to educate them. Once enlightened, the universal demand of human nature for worship asserts itself. The ministry is all right—indispensable—but is only a lame implement of civilization without its co-worker—the teacher. The Pikeville Collegiate Institute was founded in 1888, and funds are a thing of the past in that county. At London, and Jackson, and Harlan, and Hazel Green, Campton—time would fail us to enumerate—the educator is doing wonders for the mountains of Kentucky. The crack of the Winchester and Colt's navy are rapidly being superseded by the enlightening influences of the church, and school, and industrial development.—Greenup Republican.

Troy Pieratt, of Kiddville, Ky., visited his cousin, Miss Nancy Mapel, over Sunday.

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both Home of Swamp-Root, sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### New Democratic Paper.

The Jackson Democrat, published at the metropolis of Breathitt county, Jackson, and edited by L. C. Hovermale, formerly of the Frenchburg Agitator, and more recently the Campton Courier, is the latest newspaper that has appeared in this section. Mr. Hovermale will continue his citizenship in Campton, where he is the law partner of Grover Allen, and edit the paper from that point, while E. C. Hyden, a young branch of Blackstone, will attend to the business end at place of publication. The policy of the paper, as one might opine who is conversant with Lon's proclivities, is uncompromisingly Democratic, and will greatly aid the party in these parts.

### We Do Our Best.

We have tried in all possible ways to show our appreciation of the liberal patronage given us since coming to this town. In the columns of our paper we have fought for our town to the best of our ability. We would not be egotistical, but believe by using this paper as a weapon we have been enabled to render some assistance to the enterprise and growth of our little town. If our paper has pleased you we are fully repaid for the hard labor we have given it, and can promise our readers that in the future it will be far superior to the past, as we have decided to give more attention and work to the local field, knowing our readers appreciate a spicy local paper.

## ONE DOLAR BUYS "The Mountain People of Kentucky."

This popular book, which is now in its fourth edition, will for a limited time be sold for \$1.00 the copy, postage prepaid to any point in the country. Press and people are loud in praise of it, and patriotism prompts many to buy it. Why not you? You will want it for your children.

No better testimony to the worth and success of that most admirable work done for the Kentucky mountaineers may be found than this book by Wm. H. Haney a mountain boy. Mr. Haney is 23 years old, he was born in Morgan County and is an excellent example of self reliance typical of his sturdy race. He has conquered difficulties of poverty and other hampering circumstances, defraying the expense of his own education by the work of his hands while he was at Hazel Green Academy, Berea and Kentucky State College. Meantime he has purchased a home for his father and mother, has written this book—and again it may be repeated that he is only in his twenty-fourth year.

Two purposes seem to animate the pages of this book: To describe mountain life as it actually is; and to correct the wrong impressions of it others have striven to foist on the public. Mr. Haney gives an historical sketch of the mountain people, attributing to inherited traits and the Kentucky environment the characteristics that distinguished them. Social conditions, Feuds, Industries, Education, Politics, Religion and the "Outlook," successfully afford Mr. Haney subjects for interesting discussion. He has known mountain life in its earlier conditions as well as in recent years when conditions have been somewhat improved, great as is still the need for more improvement and for earnest help from the outside world beyond the mountains. Though, indeed one of the wisest things Mr. Haney says is that it is not only help from beyond the mountains that is needed. As he suggests, that if the mountain people who have had the benefit of education will give some of their lives to those of their blood whom they understand better than alien teachers could do, this will be a decided gain for the mountain communities.

Mr. Haney writes in a direct style, in good English that reflects credit both on his own industry and his teachers. He is intelligent, sympathetic, optimistic and loyal in his considerations of the mountain people. He recognizes the need for industrial improvements, the teaching of scientific farming and other immediate needs as well as the higher needs of these people who offer such a splendid challenge to the worker in sociology, education and religion.—Courier-Journal.
